DETAILED ACTION

1. The Amendment and Petition for Time Extension filed by Applicant on 02/28/2008 have been entered.

Response to Amendment/Arguments

2. Applicant's amendment and arguments filed on 02/28/2008 have been fully considered and they are found persuasive.

3. The rejection of claims 1-11 under 35 U.S.C. 103(a) as being unpatentable over Pasquier et al., WO 99/37701 (hereinafter "Pasquier") is withdrawn.

Allowable Subject Matter/Reasons for Allowance

4. Claims 1-11 are allowed.

5. The following is an examiner's statement of reasons for allowance: The closest prior art located or identified by the Examiner is Pasquier. Pasquier teaches a polymeric composition comprising a polymer P2 obtaining by cross-linking a polymer prepared by ring opening metathesis of a cycloolefin monomer (A) in the presence of a metathesis polymerization catalyst (D). See Pasquier, pages 16-20. The polymeric composition further

comprises a second polymer of suitable organic materials of high molecular weight comprising copolymers of maleic anhydride with styrene. See Pasquier, page 21. The polymeric composition further comprises fillers and chain transfer agents. See Pasquier, pages 18 and 23. Pasquier further teaches the use of the polymeric composition in different final forms such as molding, coating or injection molding. See Pasquier, page 23.

6. Pasquier differs from the present invention in that the present invention comprises a cycloolefin (A) which is not ring-opened polymerized and a metathesis polymerization catalyst (D). The present invention further comprises a polymer composition which has been polymerized already and the term "polymerization composition" denotes a composition that has not been polymerization even though a metathesis catalyst is part of the composition.

7. As of the date of this Notice of Allowability, the Examiner has not located or identified any reference that can be used singularly or in combination with another reference including Pasquier to render the present invention anticipated or obvious to one of ordinary skill in the art.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
